Profile

A highly motivated and dedicated software developer with proficiency in multiple programming languages and a passion for problem-solving. Always eager to learn and progress. I thrive in collaborative environments and believe in the power of teamwork to achieve remarkable outcomes. My commitment to lifelong learning drives me to explore new technologies and expand my skillset.

Programming skills

Language :

C , C++, Python, Java

Operating System :

windows, Mac

Web development :

HTML, CSS, Javascript

Data Structure & Algorithm

Education

2021/11 – present
Hyderabad, Telangana

Bachelor of Technology

CMR Engineering College

Artificial Intelligence & Machine Learning.

CGPA : 7.11

Projects

Personal Portfolio website

I developed a personal portfolio website where I showcase my skills, resume, achievements. The website is designed using HTML, CSS, JavaScript and Bootstrap Framework to create a visually appealing, responsive and interactive experience.

Trading Price Predictor using Machine Learning

Currently working on a Trade price prediction model using Python. The goal of this project is to predict the future price of a stock based on historical stock data using Machine Learning techniques. The project uses the pandas library for data processing and the Yfinance Library to fetch historic price data of stocks.

Certificates

- C++ Programming Certification Program Conducted by Spoken Tutorials [IIT BOMBAY].
- Foundations of Cyber Security Course in Coursera in partnership with Google.
- Certificate for completion of Web Development course by Angela Yu through Udemy.

Awards

Smart Interviews

Selected for phase-3 batch in smart interviews where I'm learning DSA and problem solving skills. Achieved Global rank of 7479 among 30,000+ students.

Contests

Active participant in internal and external online contests gaining satisfactory scores everytime.

Ratings

Solved over 100 problems in leetcode and currently having Contest rating of 1400.

Currently having contest rating of 900+ in Codechef and 949 in Codeforces.
